

A photograph of a traditional wooden boat on a calm lake, with a backdrop of steep, forested mountains and a layer of mist. The boat is in the foreground, and the mountains rise in the distance under a blue sky with light clouds.

SILVERSEA®

ITINERARIES

2020/2021

A brand new ship. 191 voyages across 84 countries. A fantastic polar schedule. More European departures than ever before. And that's only the beginning!

2020 looks set to be a sensational year. *Silver Muse's* sister flagship *Silver Moon's* maiden season sees her début in the beautiful ports of the Eastern Mediterranean and visit some of the most historic places in Europe. Istanbul and the Canary Islands will make their grand return, meaning there is (almost) no port in the region left unvisited!

If the languages and lifestyle of Northern Europe are what you are looking for, then look no further than the plethora of choice that includes the Baltic, the Norwegian Fjords, Iceland and the British Isles with exclusive departures from Tower Bridge in London. The Polar Regions are not left out either: our Arctic programme is the best yet, and for the first time ever will include both the Northeast and Northwest Passages in the same year.

Finally, unprecedented voyages in the New Zealand Sub-Antarctic Islands make the spectacular flora and fauna of the Antarctic region closer than ever before, so if you have ever wanted to experience the authentic beauty or set foot on earth's final frontier, now is the time to do it.

With longer time in port and overnights on all sailings over seven days, we really are taking you to the authentic beauty of the world.
